Instructions Ministry Information Form J10:37 and Form Ex 30:16

In order for His Holy Church to maintain the integrity of its position as a servant of Christ's ministries it must remain knowledgeable of the activities, character and status of those Churches and congregations. One essential purpose of the Church is to maintain the network between Churches, Orders, and congregations of the People. Each congregation composed of two or more electors or elders must choose in consensus a minister of the Church. Form A6:3-8-15:4 should be filed for each elder member of the congregation at the Church along with Forms J10:37/Ex30:16.

- Only ordained ministers may seal a document and retain originals within an Order.

- Delivery of the Notification of Minister Information [J10:37] with information concerning Minister; and the Known Elector Information [Ex30:16] to His Holy Church or a qualified Minister.

- These two completed forms are contained on one sheet including a minimum of two to five named electorates. Additional electors are included on additional forms.

- Changes in contact information should be updated with Form 2Pt1-10g [or Form J10:37 and Ex 30:16].

- A sealed copy of the assignment will be returned to the minister. Additional copies may be made available upon request.

These forms and documents, along with other identifying records and regular reports, are used as official documentation of the Church for a record of authentication and identification of the congregation, for the protection of its Altars and offerings, and for the consideration, acceptance and assignment of a Minister of the Church, licensed or commissioned.

Certified copies should be kept by the minister and by their overseers [bishop] and made available to the congregation on request.

Originals may be kept by the minister and the overseers within the Church.

At least one annual report from each Church along with updates and changes to the electorate of the congregation are requested from the minister. These reports may be as specific or general as the minister deems fit. The purpose of an annual report is simply to remain in active communication for the daily assistance, service, and protection of the His Church, the minister and the congregation.

Additional services and assistance will be offered to the assigned ministers and a recognized congregation upon request in a network of charity and love. Certificates of Holy Matrimony, birth, sponsored Baptism, and other records of authentication and identification by witnesses will also be apart of a chain of protection and service. Minister and individual identification will be made available for active Churches and congregations according to the common rules and customs of men and under the precepts of God the Father.

When property or assets are to be held by a Church and its entrusted ministers these documents are essential for the protection of the sacred purpose trust offered by congregations in the service of Messiah and the Father.

Since ministers of ministers also gather in congregation of orders there may be many levels to this network. Information is usually kept locally within a given congregation and its minister and their minister. This is true no matter where in this network a congregation is formed. There would be no need for centralization of material information concerning any individual within the network. These records are a part of the original foundations of the Church and are both sacred and consecrated.
